TOPEKA : KANSAS

Apr. 28, 1925.

TO THE TRADE:

You will find enclosed our new price list covering the items of SEEDS and FEEDS that are moving most freely at this time. We shall be glad to quote you on anything in Seeds for the field, lawn, or garden, and on any Feeds for live stock or poultry.

The Alfalfa Seed market has advanced, but we have been able to hold our prices to a point where you could hardly lose if you should buy now for July and August trade. In fact this is practically true on Sweet Clover and on most Seeds that do not deteriorate the second year.

How are your customers fixed on Seed Corn? As usual we have selected hand-picked and tested corn, also high-quality Kaffir, Cane, Sudan, Millet, Rape, and all Seeds for May planting. Don't overlook Soy Beans. There will be a good trade on Soys this season.

We are having a fine trade on Chick Feeds. We have been manufacturing Chic-Ko since 1905, and it looks like 1925 would be the banner.

Are you carrying Blatchford's Calf Meal and Blatchford's Chick Mash? We are unloading a car of fresh stock this week. We have been studying freight rates, and find that to nearly every dealer receiving this list we can lay Blatchford's goods down at your station cheaper than any other jobber of this splendid line.

Look over our list and let us have another order. Let us have a word from you anyway.

Yours truly,

D. O. COE SEED & GRAIN CO.

By the way the new postal rates make quite a difference in our postage bill. If this list should reach anyone who is not now in the Seed or Feed business we would appreciate a card to that effect, otherwise we shall assume that you are glad to have these lists occasionally.
